

## **OPTIONAL POSTING SITES**

Homes.com ■ Homeseekers.com ■ Realtor.com

In order for Tours to post to Homes.com, Homeseekers.com, and Realtor.com, you must be a registered member of the site, the MLS number must be entered on your order, and the listing data must be present on the sites.

As for Realtor.com, if the listing data on Realtor.com does not match exactly with what has been entered on your Tour order, the Tour will not successfully post.

It is highly recommended that you check to make sure the Tour has posted within 48 hours of Tour completion.
